Jhonata Milani

Front-End Developer - React | JavaScript | Responsive Web

Sao Paulo, Brazil (UTC-3) | jhonatamilani77@gmail.com | +55 11 97685-7601 | github.com/Jhonata7 | linkedin.com/in/jhonatamilani | meu-portifolio-dev.vercel.app

SUMMARY

Front-End Developer and Systems Analysis & Development student who ships real websites for real clients. I build modern, responsive, component-based interfaces with React and JavaScript - from first sketch to production deploy - for businesses, professionals and local initiatives. All projects below are live and in production.

SELECTED PROJECTS (ALL LIVE)

Studio Pequeno Principe - Children's Photography Studio

Complete website with a 20-theme interactive carousel, story catalog, memory-book showcase and WhatsApp contact flow. Refined through 10+ design iterations with the client. React, Vite, Tailwind CSS.

studio-pequ
